

Eugenio Cerioli L'ARTE NEL VETRO

“Eugenio Cerioli l’Arte nel Vetro” glassworks was established in 1990.

What does our glasswork create?

- - **In the artistic area of flat glass** we deal with all processes where coloured glass is used, stained glass windows bound to lead with tiffany technique, collage, painting crafts, glass fusing, fancy goods, mirrors, jewels and pendants;
- - **In the industrial glass area**, tempered laminated and varnished, we have produced glass walls in extralight transparent glass with neutral or coloured polyvinyl butyral, sliding doors, shower boxes, neutral or coloured decoration sandblasting, tables, office desks and wall mirrors;
- - **Generally we work** both on a design created by us on an idea or project suggested by the client and on a design or project given by the client himself/herself, with the possibility to provide all work completed of structures made of iron, wood, aluminium, pvc.
- - **As regards** the laying, we are independent, that is we don't have external layers but we directly lay our product unless there is a specific agreement;
